Beyoncé's Pregnant?

And she's expecting more?

Earlier this year, on the 1st of February, Beyoncé announced her second pregnancy over Instagram; she's having twins! This is her second pregnancy after her and husband JayZ's first daughter, Blue Ivy, was born. This picture rapidly hit over 10.7 million likes, becoming the most liked picture on Instagram. We give our best wishes to the blooming family.

Ed's back, and better than ever!

The 26 year old singer has songs "better than bloodstream"

Over the past couple of months, talented song-writer Ed Sheeran has released a record breaking album. Coming back after a two-year break since releasing his album 'X' in 2014, Ed has released what has proven to his fastest growing album to date. 'Divide' was released in early March 2017, and soon after its release many of its songs have been in the top 10 UK charts. First to hit Number One was 'Shape Of You', selling 232, 000 copies within the first 6 days of release.

Kylie 'Katastrophe'!

Jenner facing a Kylighter problem?

The gorgeous Kylie Jenner launched her fast-growing cosmetics line in late February 2016. Since then it has been selling out worldwide, sometimes within minutes of hitting the shelves! She's been selling everything from her famous Lipkits and glosses, to her growing collection of 'Kyshadows' and 'Kyliners'. However, over the past few days her cosmetics line has faced some production problems. Customers ordering her highlighters have been sent only packaging, with no product within. There have only been a few complaints, and Jenner is quick to stress that it's being sorted. There's no need to keep the problem *highlighted*...
