HEADTEACHER'S NEWS

Staff leaving at the end of term

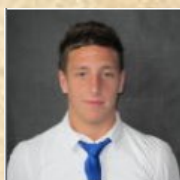

I am pleased to congratulate Mr Matt Edmunds and Mrs Emma Maher on their promotion to subject leader positions in other schools. Sadly, of course, this means they will be leaving us at the end of summer term. Mr Edmunds originally joined the school as an ICT technician in 2007, then successfully completed his teacher training in 2008 and has taught

here in our ICT department ever since. For the last two years he has been Progress Leader for our current Year 8. Mrs Maher joined the English department in 2008 and after a brief spell as a Progress Leader more recently worked as co-ordinator for Key Stage 3 English. Both departments - ICT and English - have successfully delivered some highly impressive examination results in recent years and Mr Edmunds and Mrs Maher thoroughly deserve their promotion to senior posts.

Mr Danny Young and Miss Simone Pavey have successfully completed their one year placements with us and are now fully qualified teachers. Mr Young had worked at the school since 2009 as a Teaching Assistant while Miss Pavey actually attended the school as a pupil. I congratulate them both on securing Qualified Teacher Status and wish them every success in their new posts.

GCSE Results are issued from 10.00am on Thursday 20 August. Please do not contact school by telephone on the day as we are not permitted to provide results over the telephone.

Autumn term for pupils commences at the normal start time on Thursday 3rd September. School is open from Tuesday 1st September (and Wednesday 2nd September) as both are staff training days.

Wishing you all a restful summer break.

YEAR 7 NEWS

Year 7 going into Year 8

One year down, four to go! Our first assembly and tutor time with new planners, timetables and getting lost seems a long time ago now. As we head into year 8 I hope pupils have enjoyed their first year at The Stonehenge School and are ready to take on new challenges.

I would like to say a huge thank you to Mr Faulkner, Mr Selwood, Miss Pavey, Mr Young and Mrs Blake for their hard work this year, the pupils are well informed and looked after in tutor meaning they are organised and ready to learn, I am sure the pupils will agree that they are very lucky to have such brilliant tutors.

Mr Young and Miss Pavey are leaving us at the end of this year so a special thanks and good luck to them both, the pupils have love PE with you and I know your tutor groups will miss you very much (as will staff!)

Miss Pavey's tutor group will be taken over by Mrs Bhaya and will register in room 6 and Mr Young's tutor group will be run by Mrs Phaedona and will register in room 9. Please show your new tutors what an excellent year group you are.

I have been so proud of Year 7 throughout the year, recent events such as Sports Day, Race for Life and end of year exams have shown both the academic potential and maturity of the year group.

Some parents were written to regarding uniform, please be aware that come September if a pupil's uniform is not up to standard they may be sent home until they have appropriate uniform.

The same high standards of behaviour and learning will be expected in year 8 so pupils need to have a rest and get their 'game faces' on for September!

A final well done to those pupils consistently at the top of the Attitude to Learning league table:

Kelsey Coombes	Jack Batstone
Amy Adlam	Courtney Nicholl
Ellie Ringwood	Jordan Markham
Jonny Manning	Holly Snowden
Claudia McFarlane	Michael Oddie
Charlotte Crew	Kiara Byron
Savannah Raymond	Abbey Wright
	Linda Paduano

Miss Jackson

Year 7 Progress Leader

jacksond@stonehenge.wilts.sch.uk

YEAR 8 NEWS

It is with a heavy heart that I write this farewell message. I have enjoyed some amazing times at Stonehenge and it has been a pleasure to work with the whole cast of people who make up the Amesbury Community.

Whilst there are clearly challenging situations for some of our students, I don't think I have ever met such a friendly and welcoming group of children and parents. I have really appreciated the effort put in by the students and the support of the parents throughout my time as Progress Leader.

I vividly remember meeting the children at their respective primary schools in year 6 and it has been very interesting to see how they have developed since then. As they approach year 9 we are starting to get the first glimpses of the young adults they are turning into. Aside from the teenage grunts, the students are learning to develop their own personality and their own place within their preferred social groupings. As teachers, we are very fortunate to be part of this journey.

In terms of highlights, I have really enjoyed the extra-curricular trips we have been on together. It is a rare opportunity for Students and Teachers to see each other in different settings and extremely powerful in building positive relationships. I won't mention the Soap day.

I am moving on to a promoted post at Lavington School, to gain some experience as a department head (IT and Computing). I am excited by this opportunity and feel it is appropriate time to challenge myself as I approach my fortieth year (Pipe and Slippers beckon).

I am sorely going to miss the Year 8 students (maybe not the tantrums!) and I am excited to see how they develop between now and the end of year 11 under Mrs Staker's leadership.

Thank you once again for your support as parents.

Mr M. Edmunds

STONEHENGE SPORT

This academic year our team at Stonehenge Sport have been working hard to report on as many sporting events possible. Our aim is to enable students, teachers and parents to follow our sports teams and find out the latest sports news at the click of a button.

The team work hard to attend sports events and fixtures taking video footage and photos, taking notes and then writing reports. They also produce a monthly edition of Stonehenge Sport News that appears on our own YouTube channel. One member of the team is also working on the Stonehenge sports website that will be updated weekly with all the latest fixtures and results.

We are always looking to expand our team. So if you fancy yourself to be a journalist, photographer, presenter or someone to help behind the scenes on set, please speak to Mr Hershbein.

Please visit our new YouTube channel and subscribe.

Alumni update—

Congratulations to Romy Langley who has been in touch to say she will be graduating with a 1st Class Degree in Business Management

Romy wanted to thank us so much as Stonehenge taught her that if you work hard you can achieve anything you want. If it wasn't for the wonderful support and amazing teachers at Stonehenge she said she would never have achieved this.

Well done Romy and good luck in the future.

'Speak to Peake'

From a County wide search by BBC Wiltshire and the UK space Agency we are delighted to say our Year 7 student Poppy Merredew is one of only five students who have been selected to take part in the 'Speak to Peake' feature on BBC Wiltshire. Poppy has the opportunity to visit the UK Space agency in Swindon for a live video link up with the astronaut Tim Peake from his training camp in Houston. Poppy, who has always been interested in space and desperately wants her own telescope, will be asking Tim about what it is like to be ill in space, especially in terms of actual sickness and vomit!

Well done Poppy we are sure you will have a fantastic day (she did)

The Stonehenge School

PART-TIME RECEPTIONIST

To start September 2015. Permanent contract for 35 hours per week, 8.00 am to 3.30 pm Monday to Friday (£7.43 per hour, term time only). Hours are not negotiable.

We are looking for a person with excellent customer service skills and good IT experience. This is a demanding role and you will need the flexibility to work effectively in a busy environment, sharing tasks and dealing with constant enquiries from staff, students and parents. Previous experience of working in a school environment would be an advantage but not essential.

Further details can be found on our website at Vacancies to be returned to Mrs D Harker, Headteacher's PA. at the Stonehenge School, Antrobus Road, Amesbury, Wilts SP4 7ND. Tel: 01980 623407, fax: 01980 625547 or e-mail: admin@stonehenge.wilts.sch.uk

Deadline for applications: Monday 17th August. Interviews w/c Monday 24th August.

The Stonehenge School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. All applicants will be subject to a full Criminal Records Bureau check before appointment is confirmed.

Show My Homework

Introducing The Stonehenge School's new system

From September we will be launching Show My Homework to parents, an online tool that shows all of your children's homework, deadlines and grades for free.

From then you will be able to simply visit **thestonehenge.showmyhomework.co.uk** to view our school's live homework calendar, and use the filters to view your child's homework tasks.

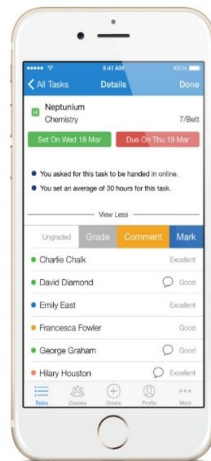

Features for parents

View the quality and how much homework your child receives

Access homework details online, on tablets, or on your phone

Never let a forgotten worksheet or empty planner be an issue again!

"As a busy parent with a varying work schedule I find this facility invaluable. As the facility is web based, It allows me the flexibility to view tasks that have been set at any time. This helps me monitor and keep on top of my child's home learning."

You can refer to Show My Homework's privacy policy at:

<https://www.showmyhomework.co.uk/privacy>

Kind Regards,

Carole Dean, Assistant Headteacher

The Stonehenge School

Benefits

We will be distributing log in details in the near future.

We hope that this will provide you with an insight into how much and the type of homework your child receives. Most importantly, it will help your child to keep on top of their workload.

Log in to view your personalised homework calendar and never be left in the dark again.

Enjoy 24/7 access to your child's gradebook with instant visibility of teacher comments.

Stay equipped with all the details you need to make informed decisions for parents' evening.

For any questions, please don't hesitate to contact the team on help@showmyhomework.co.uk

SPRING ACTING SUCCESS!

Our first Spring LAMDA Acting examinations (Our bulk of entries are generally for the Winter examinations), meant more recognition for our budding actors.

Laura Evans and Grace Meadow achieved Silver Medals with three stunning performances that showed their true range as actors. Their scene from 'Sherlock' was full of suspense and provided contrasting tones with scenes from Dickens and Shakespeare. Both students already hold Grade 5 certificates.

Leah Yates was awarded a Silver for her three pieces- Alison in 'Look Back In Anger', attracted particular praise. Her control and contrasting vocal styles were praised highly. Leah already holds a Bronze Medal.

Roanne Manning was successful in gaining a Bronze Medal (with Merit) for his sensitive and moving performances, Oedipus being a particular challenge even for professional actors.

Rebecca Lewis and Laura Stapleton's Grade 5's (with Merits) impressed with a witty scene from 'Miranda' and a clever Jane Austin duologue.

Harry Webb bagged himself a Gold Medal for three powerful and contrasting performances from Sophocles, Dickens and Willy Russell.

Since 2010, 87 students have gained LAMDA Performance awards, including 17 Gold Medals, 25 Bronzes and 5 Silvers. Although most awards are for Acting, our Librarian, Miss Gane, achieved a Grade 8 Gold for Reading for Performance.

Terri Gough winning streak continues during the summer term 2015!

Terri Gough (7JRF) has competed in a number of Judo competitions since Easter and we are pleased to celebrate her success with her. Terri trains at Pinewood Judo Club three times a week, meaning a long day for her on a Monday, Tuesday and Thursday as she travels there after school.

With so many competitions throughout the year there is never chance for Terri to rest. Over Easter weekend she competed at the Meadowbank stadium in Edinburgh at the **Sportif International Judo Tournament**. Terri made a lot of progress in the months leading up to this competition which made it one of her best competitions to date. All her hard work and commitment in training helped her come away with a silver medal in the under 48kg weight category.

Terri proudly receiving her gold medal in Belfast

On Sunday 26th April took part in her next competition which was the **Northern Ireland Open competition**, in Belfast. Once again her training paid off when she became the Northern Ireland Open Champion winning in the girls under 48kg class. Terri was in blistering form winning all her 6 fights with maximum 10 point scores. Afterwards Terri said "I was nervous but I was feeling really good and I knew if I didn't make any mistakes I could take the title!

From Belfast to Cardiff, Terri's next competition was the **Welsh Open Judo Tournament** on Saturday in Cardiff on 9th May. Terri entered 2 different competition, the under 13 under 48kg and the Pre-Cadet (age 13 and 14 yr) under 48KG. Although competing in 2 competitions in one day Terri still achieved silver medals in both Competitions. She left the competition very happy with her performance.

On 27th June Terri was supposed to compete in her first European competition in Belgium, however due to problems at the port of Calais her club decided to cancel the trip. So the weekend started with mixed feelings, however Terri's coach was able to get her into the **Kent International** in Gillingham. Although only 11 she competed in an under 16 and under 48kg event. Terri's disappointment of not going to Belgium soon disappeared when she won another Gold medal for this competition.

Terri receiving her Gold medal in the Kent International.

Terri is still eager and hungry for her judo and we all at Stonehenge hope to be able to continue to share in her success next year.

Well done to Terri for everything she has achieved this year and good luck for next year.

New assault course inspired by Ninja Warrior

We wanted to give our students an area to develop themselves physically in an outdoor environment. We originally had outdoor gym equipment in mind but after discussions and inspiration from the TV show Ninja Warrior, we decided to give our students something more exciting.

We worked closely with Pentagon Sport (a school playground company) to develop an eye-catching assault course aimed at our KS3 students (11-14). Using Pentagon's expertise, we managed to create a course that not only offered our students a place to develop themselves physically but also offered them a place to socialise by competing against each other as well as experiencing elements of teamwork.

We gave the students obstacles such as balancing beams, log climbers and monkey bars to create a gruelling course to keep

the children active in a fun and engaging way.

After being inspired by Ninja Warrior, we decided to hold our own Ninja Warrior event to launch our new assault course. Pupils in years 7, 8 and 9 took part in heats during their PE lessons to see who could complete the new assault course in the quickest time.

The top three boys and girls of each year group went through to the grand final and the winner received a brand new PE kit supplied by our kit manufacturer Akuma. Year 9 student Finley Lloyd Gilmour won the contest with a record competition time of one minute and two seconds - Huge congratulations!!

The day was a huge success and since the launch, the assault course has been used regularly at break and lunchtimes as well as before and after school by students in all year groups.

We'd like to thank [Pentagon Sport](#) for sharing our ethos, they were efficient and managed the installation of the equipment excellently. Now the children have a new challenge; who can beat the record set by Finley Lloyd Gilmour... watch this space!

Mr Hershbein

Cashless Catering

We are pleased to inform you of our intention to implement a cashless catering system in November 2015. The new system will allow us to continue with the development of the school meal service, and will provide us with a more efficient, faster and ultimately better quality of service.

This system incorporates the latest technology and eliminates the need for students to carry cash throughout the day. It is biometric so there is no need for students to carry a card as the system will recognise the thumb of your child at the till. We will also be using this system in the Library for the loan of books.

Benefits for students and parents

- Facility to pay On-Line
- No need to carry cash preventing loss/theft
- Increased speed of service reducing queuing times
- Anonymity of Free School Meals reducing bullying
- Automatic alerts to stop students purchasing allergy trigger items
- Parents have the facility to view their child's purchases
- Reporting facilities to help decrease wastage and improve the overall efficiency of the meal service

We will keep you informed of the development of this system and provide further information and guidance in early September.

Mrs Busby

Coming Soon...

CASHLESS CATERING!!

**A faster, more efficient
school meals service is
coming to
"The Stonehenge School"**

**Registrations will begin
"Monday 9th November
2015"**

Race for Life 2015

A massive well done to everyone who took part in this year's Race for Life on 10th July. Luckily for us the sun was shining as years 7,8 and 9 took part in the race. Some students chose to run the whole way round the field while others gave their friends piggy backs round part the way.

We were lucky enough to have Jamie Barrow, Britain's fastest snowboarder, come in to start all the races for us. Miss Harris lead the way shortly followed by year 9's, then year 8 and year 7.

So far as a school we have raised £965.00, online donations can still be made at <https://www.justgiving.com/alisonruscoe/>

A special well done to our top fundraisers

Hannah Burden who raised £60.00

Jac and Max Randle who raised £75.00

Mrs Ruscoe

On Friday the 10th during the race for life I wore a pink bra to raise awareness for male breast cancer. Did you know that 1 out of 1000 men from the UK get breast cancer? Due to the low percentage male breast cancer doesn't receive as much support as other male cancers. I think that men affected by breast cancer feel that they cannot talk about it because breast cancer is seen as more of a female based disease. For men getting treatment for breast cancer can be quite difficult as most of the information to do with the cancer is based around women, this makes men feel irregular and isolated. I felt a bit anxious about wearing a bra due to people mocking me over it but I hoped that people would ask why I wore the item of clothing so I could tell them about the worries I have with male breast cancer. After the day I cared less about what people thought and I hoped that they thought more about the reason that male breast cancer needs more awareness.

By Dean smith

ENGLISH WEEK—

During the week of 6th July, the English department organised a week of English based activities. On Monday Year 7 were shown a theatre performance of *Treasure Island* with much audience participation and noise! A workshop followed to explore the amount of effort that goes in to putting on a performance looking at lights to staging to costume changes.

On Tuesday the author Rebecca Westcott worked with our Year 8 cohort to show them how inspiration can come from the strangest of places. She read parts of her books and explained how some of her most embarrassing memories are used in her work. The Year 8's then had a workshop focusing on creative writing and seeing how good at lying they all were!

On Wednesday the poet/comedian Gez Walsh arrived to work with Year 9. He got the pupils on board quickly by spraying them with a had them showed them helped that one of his

Mrs Maher

water pistol! His performance and workshops laughing their socks off and he definitely that poetry is not boring. It may have also he dragged various staff up to 'dance' along to poems!

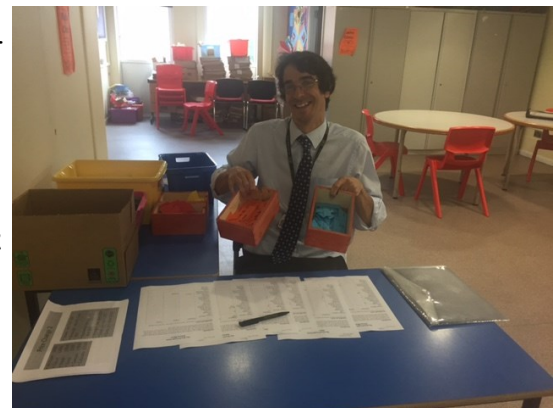

MATHS WEEK

Well done to all students in Key Stage 3, who have been taking part in activities as part of Maths Week.

Year 7 undertook a number based treasure hunt with Mr Faulkner. Year 8 had a visit from the World Of Maths and completed some challenging puzzles. Year 9 learnt the value of trade and team work in the World Trade Game.

As well as that, all year groups created some delightful tessellations last Friday, and the maths corridor has been turned into a wonderful gallery of their artwork.

Guess the number of sweets in the jar - well done to Natalie Manning in Year 9, who correctly guessed 188 sweets in the jar. Don't eat them all yourself!

A big well done to all students in Key Stage 3, who behaved impeccably across all the activities this week. We hope you enjoyed it, and saw the value of maths in so many other activities.

Stonehenge Maths Department

UKMT Junior Challenge

Mr Cornelius presenting year 7 with their certificates from the UKMT Junior Challenge at their awards assembly.

Mrs Levey wants to congratulate 7S on their outstanding performance in the UKMT Challenge. I am so impressed that they exceeded the results for year8.

The UKMT Junior Mathematical Challenge was sat by top set Y7 and Y8 recently. We are very pleased to congratulate the following pupils on their excellent results especially considering only the top 40% of pupils receive awards.

Y7:

Ellie Ringwood and Deryn Masters Best in school, Best in year and Silver award.

Silver award: Pratyush Rai, Jack Stewart.

Bronze Award: Alex Alcock, Jordan Markham, Aiden Kruger, Kiara Byron, Aaron Evans, Jodie Carter, Sean Bowley and Rio Moss.

PLEASE NOTE:

The Junior Challenge is aimed at pupils in Year 8 or below in England and Wales. The challenge involves answering 25 multiple choice questions in one hour and is sat in school under normal exam conditions.

High performers

The top 40% of students nationally receive a gold, silver or bronze certificate in the ratio 1:2:3 and each institution receives a Best in School certificate.

GCSE Textiles trip to the Victoria and Albert Museum

On Wednesday 24th June, Mrs Hillier's yr 10 Textiles group ventured into London to visit the Alexander McQueen Savage Beauty Exhibition. Alexander McQueen was a prolific yet troubled fashion designer whose collections made headlines up until his untimely death in 2010. The exhibition was presented over several rooms, each with an individual theme from Jack the Ripper to American Football meets Orientalism. It presented the students with the opportunity to view haute couture designs up close and appreciate the craftsmanship, detail and creativity that elevates such designs to works of art. There were also works by McQueen's collaborators, milliner Phillip Treacy and jeweller Shaun Leane. We saw highly original uses of natural materials such as shells, horn, animal skins and hair in the creations as well as incredibly lavish use of luxury fabrics and beaded decoration. It was a lovely day out and now that they are inspired, I can't wait to see what the class come up with for their final GCSE work! I'd also like to thank Mr Grainger for driving us in the minibus.

Mrs Hillier

MUSIC LESSONS

A reminder from the music dept to all parents whose child is carrying on with music lessons in September, please ensure all forms are returned ASAP after the holidays. We have vacancies, so if any pupils who are interested in starting lessons, can pick up a form from the music dept. we offer a wide range- piano, drums, guitar, brass, woodwind, strings and singing. To all those GCSE pupils who are starting the course either in year 10 or 9, this is a massive part of the course and we strongly recommend pupils having music lessons. Any more information can be obtained from myself via email: rogerss@stonehenge.wilts.sch.uk

Can I also say a massive well done and thank you to those people who have supported the department and have taken part in the school musical activities this year.

We will running school band, choir, rock band, pop singing group and theory forums in 2015/16. All pupils are welcome.

Many thanks

Mr Rogers
Head of Music'

Walk for Wards

For Joshua Dunford, taking part in the Walk for Wards event, which this year fell on Father's Day, is particularly poignant because he is raising money for the Cardiac Care Fund after his own father died from heart problems seven years ago.

His mum Natasha said: "I was going to do the walk myself because I am really keen on raising money for the Stars Appeal and Joshua said he would do it as well.

"He said he has nothing to do on Father's Day, no gift to buy or a father to take out, and he walks ten miles with his school for the air ambulance so was happy to walk the 10k.

"His father suffered from heart problems and throughout the whole time, the care was fantastic in the Intensive Care Unit."

Well done Joshua!

Royal Air Tattoo at Fairford

Talented Maths and Science students in Year 9 enjoyed a day at the Royal Air tattoo near Fairford. The STEM (Science, technology, engineering and maths) displays in the Technozone involved assembling engines, plane making with the Aeronautical society, and the RAF repair teams had a riveting activity. They also had the opportunity to meet Wing Commander Green, the holder of the world land speed record. Careers advice was also available for the RAF and several careers involving engineering.

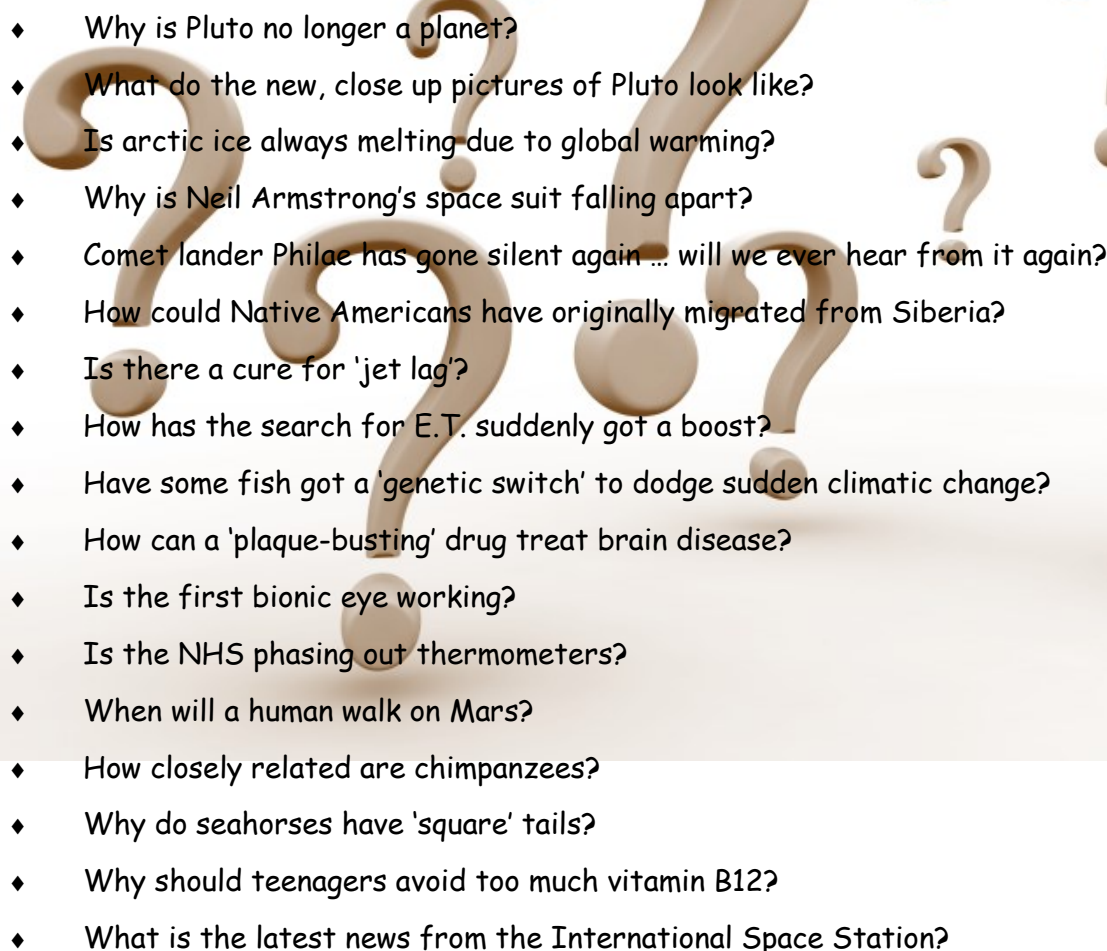

Throughout the day, they were treated to an aerial display, topped off by a stunning set of manoeuvres from the Red Arrows.

Mrs Dean

Keep Asking Questions!

It has been a long but successful year for students in all years with their Biology, Chemistry and Physics studies. Continued investment has seen an increase in practical work this year and this should continue with the introduction of Ipads next year; hopefully developing in-class research, personalised assessment and data-logging facilities. Changes in the National Curriculum mean we have just completed the first of five years of curriculum change, which in itself is demanding new resources and much dedication from staff behind the scenes.

Success with science studies is also reliant on the students themselves; nothing helps more than taking a keen interest on the world around them. Infants continually ask the question "why?" So why stop asking when we get older?! Learning to use a library and the internet appropriately can be a terrific source of knowledge and intrigue ...

- 
- ♦ Why is Pluto no longer a planet?
 - ♦ What do the new, close up pictures of Pluto look like?
 - ♦ Is arctic ice always melting due to global warming?
 - ♦ Why is Neil Armstrong's space suit falling apart?
 - ♦ Comet lander Philae has gone silent again ... will we ever hear from it again?
 - ♦ How could Native Americans have originally migrated from Siberia?
 - ♦ Is there a cure for 'jet lag'?
 - ♦ How has the search for E.T. suddenly got a boost?
 - ♦ Have some fish got a 'genetic switch' to dodge sudden climatic change?
 - ♦ How can a 'plaque-busting' drug treat brain disease?
 - ♦ Is the first bionic eye working?
 - ♦ Is the NHS phasing out thermometers?
 - ♦ When will a human walk on Mars?
 - ♦ How closely related are chimpanzees?
 - ♦ Why do seahorses have 'square' tails?
 - ♦ Why should teenagers avoid too much vitamin B12?
 - ♦ What is the latest news from the International Space Station?

... just a few of the questions being asked in current science issues. Many answers lead to more questions - **so students - keep asking!**

Skiers!

This is your big opportunity to 'get working' with your fitness! Leg strength and stamina, flexibility, upper body strength and a 'sense of balance' should all be developed by staying active over the summer holiday and extending your usual times and distances. Find the exercise handout and start a daily routine. If you are not a regular runner - get started, get your bike 'oiled up' and use it regularly (*wear a helmet*), and if you have a pool available - beat your distance record every day!

Once term has started we will be busy, completing info forms, having the parents' meeting, and preparing for Dry Slope Skiing sessions in the winter so a busy term is ahead of us.

Any students in Y10 or Y11 (in the new academic year) who would like to join the ski party next February should contact Mr Busby a.s.a.p. There are places available for both skiers and first-timers. (*Student must have a good behaviour record*).

Mr Busby

Phoenix Motorcycle Training

Established in 1999 and located at the lower playground Stonehenge school Amesbury

we can deliver:

- Quality rider training at all levels
- Moped to sports bike
- All equipment provided
- Fully insured
- DVSA approved

For rider training, use the professionals and train with us!

Prom 2015

What a fantastic evening was had by all. The arrivals as usual were varied and this year very loud. We had several vintage cars including an 1960's Austin Martin. The motorbike boys made a very bold and noisy entrance. The weather was kind and stayed dry and sunny all evening. The students looked incredibly grown up and sophisticated in their stunning gowns and suits. They thoroughly enjoyed the disco and buffet and danced their socks off. The arrivals prize was won by the motorbike boys, including James McGregor who was dressed in a striking tartan kilt. The girls arrival was won by a bevy of beauties including Chloe Buckland, Sophie Peach, Ellie Parsons and Kyra Hanson. The Prom princess was awarded to Holly Sherburne who danced non-stop all night. The prince was awarded to Asa Wilman. The King and Queen was awarded to Calum Newman and Gemma Hammond, who couldn't stop smiling. The senior prefect team who came to help were brilliant and stayed to the bitter end. Thanks go as usual to the Prom team, Carol Taylor, Suzie Terry and Chris Brown without whose help it would never go so well.

The amazing Miss Bowie who organises the Prom

Wishing everyone a relaxing summer holiday.

The Stonehenge School Fund 100 Club

The 100 club is a fundraising activity which will help us raise money for the school fund. Each number costs £12 for entry into twelve consecutive monthly lottery draws and the more numbers you buy the greater your chance of a **great cash prize!**

Half the stake money will be given out in prizes with the other half of the monies being donated to the school. As the prize money depends on the number of entries, the prize fund does vary, however there will be three monthly cash prizes.

Please join us and bring little extra excitement to your life! If every family was a member of the 100 Club it would raise approximately £335 for the school each month and mean more prize money!

*To join, please fill in the two forms below. Whilst you can pay through ParentPay, setting up a Standing Order means: * Renewal is easy * You never miss a draw * We avoid bank charges*

THIS FORM IS FOR NEW MEMBERSHIP. Please be aware that there can be no refunds after entry into a draw. Also, as winnings are despatched directly to the notified address it is essential that we have up to date details of all names and addresses. We would appreciate your child's name as a reference on the standing order mandate.

I hope to welcome you to the 100 Club!

Sharon Hoult, Office Manager
