

Race to the Whitehouse

Chester, Joseph and George interview Mr. Langley and Josh about the current situation about Donald Trump and Hillary Clinton.

Reporters: Chester, Joseph and George.

Together, Chester, Joseph and George interviewed both Josh and Mr. Langley, and with great answers from Mr. Langley on the topics of both Trump and Clinton, we found the interview very informative. As Head of Humanities, he was very well informed about the subject and gave us some great, non-biased answers.

Next to be interviewed was Year 8 student Josh. With his knowledge of American politics, he was also very interesting to interview. He too was also full of information and had prepared his answers very carefully and was therefore an absolute pleasure to interview. With very detailed answers and much depth in his answers, he was full of information and was therefore a great person for the interview.
