

Interview With Emily

A student's point of drama

Reporters: Christine, Kaitlin, Logan, and Leo

We interviewed Emily and this is what she had to say. When we asked her 'why do you like drama so much?' she replied by saying its very active and it keeps you moving. Then we asked her who her favourite actor/actress is, she said that it was Dwayne Johnson. Emily said to be a good actor you have to be enthusiastic, have a loud voice and not to be shy.

We asked Emily what her favourite musical/play was, but she said she didn't have one; we changed it to what is your favourite film and she said 'my favourite film is the Little Mermaid by Disney'. Then we asked her why would she want to be an actress and she replied saying 'because its good fun and you get paid a good amount and it's just something to enjoy'. The last question we asked her was where your favourite theatre is, but she said she had never been to a theatre before so we asked her where her favourite cinema is and she said any as she loves them all.
