

BTEC Tech Award in Health & Social Care

With a BTEC Tech Award in Health and Social Care, the students are able to explore, challenge and realise their potential. During the course, students can see whether the industry is one they'd like to be in, where they could go, and gain the knowledge and skills they need to succeed in their next steps.

What's more, the practical transferable skills the students master during their studies such as self-reflection, communication, teamwork and problem solving will also support their progress in the present and the future.

Component	Assessment	Content overview
