Dear Parent and Student

Please find a section of our curriculum recovery plan that we wrote home about a few weeks ago. You will see information for subjects outlined below. They have identified one piece of work from the lockdown that should be completed if possible before school returns in September (eg. we completely understand that you may have fallen behind or missed out particular pieces of work during the lockdown period). So the 'essential' list is worth checking through to spot the key pieces of work.

Subjects have also provided some ideas of creative ways that you might wish to keep learning flowing over the Summer holiday. This list is for you to use as you please, as we also understand that many of you have been working incredible hard this year and will want a well-earned rest. View it as a rainy day list perhaps?

Kind regards

Mrs. C. Dean

Deputy Head
