

PE

“At Stonehenge, we believe education is all about the whole person. Every pupil can achieve something worthwhile and excel in some field. Our sports programme is designed to help young people identify and develop what they’re good at, leading them to greater confidence and self-esteem. Enjoying success in sport, at their level, can often be the key to pupils’ success across the whole school”. Mr A Protheroe – Head of PE

Curriculum Intent

PE at Stonehenge aims to encourage all pupils to actively enjoy in lifelong physical activity. This is not only as a participant but in roles such as leader, coach and official. We offer a wide and varied curriculum that will encourage participation and inspire our pupils to lead a healthy active lifestyle. Through the activities, we teach pupils how to be healthy and what it means to be healthy.

Physical Education aims to promote enjoyment through a variety of learning experiences and situations which stimulate the acquisition and development of a wide range of physical skills. At Stonehenge we offer a plethora of sporting activities, giving every student an unrivalled opportunity to discover what they enjoy and what they’re good at. Whether in sports practices or on school teams, everyone is encouraged to give of their best regardless of ability.

Expectations/Approaches/Policies

We expect every pupil to be in full kit, even if excused through injury. To be excused through injury a parent or carer must either call, email or write a note explaining the reasons why the pupil is unable to take part and indicate when they will be able to do PE lessons again. Even if injured, all pupils will be expected to take part in the lesson in some capacity, whether it as a participant coach, leader or official. Pupils forgetting kit twice in a half term will receive a break or lunch detention, subsequent no kits will be dealt with by the teacher and an after school detention will be issued. All pupils will adhere to school behaviour policies during PE.
