

THE STONEHENGE

SCHOOL

Extra-curricular opportunities

We are excited to announce our extra-curricular opportunities for terms 5 and 6 of the academic year 2025/2026. Remember, for after school activities you will need to book your space. For safeguarding reasons, and for us to be able to plan activities, we need to know exactly who we will have in school attending each activity. Lunchtime clubs are run on a drop-in basis.

Some of our clubs are incredibly popular and over-subscribed, so if you book a space and your child does not attend, we will remove them and inform you that we have done so, so that others have the chance to attend. Equally, students cannot turn up to after school activities without being booked on in advance. We have an excellent pastoral and SEND team who are happy to support you with this process, should you need it.

Once students' activities have been assigned, they will be added to their timetable on Class Charts.

The First Tech Challenge STEM club has now finished with the current cohort; more information is to follow about signing up to the new cohort.

The Duke of Edinburgh award is running in addition to this programme; you will not be able to select this on the booking form.

Some clubs have limited numbers; if the requests exceed the places, we will draw names at random and ensure equity of opportunity throughout the year. There will be further opportunities in the next academic year if you are unsuccessful this term.

After school options available (booking required)

Homework Club: Run by our Skills team, this club will allow you to complete homework with the support of a member of staff. Computers are available to use.

Science Club: Come and practise the skills needed to succeed in scientific research and practical work by experimenting and carrying out activities not done in lessons.

Warhammer and Dungeons/Dragons Club/Tabletop role-playing games: These are fantasy role-playing games where you can play through adventures cooperatively. You take turns fighting with miniatures on a map.

Badminton: Come and practise your serving and rallies! No previous experience necessary.

Singing Club: Open to any pupils who enjoy singing and want to take part in an activity that works towards performing at school concerts and events.

Rock Band: Open to guitarists, drummers and singers: come and play in a group where we will be playing rock and pop classics.

Duke of Edinburgh (invitation only): The Bronze and Silver cohorts are already established for this academic year and cannot accept any new students. You will not be able to select this on the booking form; current members will be added onto a register for the group they usually attend.

Axiom Maths (invitation only): An enrichment programme where students encounter challenging problems beyond the standard National Curriculum to foster deep mathematical thinking and appreciation. This club is already established for this year, so there will be no option to book this activity.

KS4 Science Stretch and Challenge Club: An opportunity to complete practicals, practise exam questions and complete key revision tasks in preparation for higher tier GCSE Biology exams. This is aimed at those students working at or above Grade 6.

Craft club: Fancy making some jewellery? Fancy trying your hand at sewing or cross-stitch? Come along to this small and quiet club to learn a new skill.

Mixed Basketball Club: Come and practise your dribbling, passing and shooting. No previous experience necessary!

Games Club: Students have access to a range of board games to play with their friends. Come along and learn a new game or play an old favourite! Mario Kart tournaments organised at the end of each half term.

Lunchtime options available (booking not required):

Pokémon Club: led by 2 of our students who love Pokémon, come and be with like-minded fans and take part in a range of Pokémon-related activities.

Uno Club: A popular card game where the objective is to be the first player to get rid of all the cards in their hand.

Day	Club	Year groups	Meeting Place	Time	Staff member
Monday	Homework Club	All	Skills	3-4	Skills team
